REPORTS OF PARK WORK

**Bridge and Dam at McKinley
Park are Finished.**

**Site for Another Park Given City
by the Stoltz Scofield Land Com-
pany—Service Board Meets.**

The service board conducted a
large amount of business in an un-
usually short time last night. All of
the members were present at the
meeting.

The board approved and accepted
the contract and bond of John Kinsler
for the construction of sidewalks on
Patterson, Darius, Irey and Breen
streets and of O. J. Noble for the
construction of sidewalks on Fran-
conia avenue. G. W. Robertson, in-
spector of the improvement work at
McKinley park, reported that the
bridge and dam at the park have been
completed in a workmanship man-
ner by the contractor. The board
accepted the report and placed it on
file.

On motion of Mr. Waples, the con-
tract for the construction of the
Mound street sewer was awarded to
Hostetter and Dawson for \$855.60, the
work to be completed by April 1.
The contractors must furnish bond in
the sum of \$350. The contract for
the sewer in the alley between
Pleasant and Chase streets were
awarded to Joseph Murphy for \$1018.
The contractor must give a bond of
\$550 and must complete the work by
April 1.

Addison Bain, park superintendent,
told the board that it was necessary
to secure, at once, a large amount
of dirt for grading at the rear of
the library building and for McKinley
park. He said that the Marion
Railway, Light and Power company
had agreed to give the city all the
dirt it needed and to furnish one
team to haul it with if the city would
furnish another one. The company
is making an excavation at the street
car barns and wants to get rid of
the dirt. The street superintendent
was instructed to secure teams to
haul the dirt needed for grading to
the library building and to McKinley
park. The city engineer was in-
structed to have railing constructed
around the overflow well at McKin-
ley park to obviate the danger of
children walking off the bank into
the water, which is particularly deep
at that point.

The Stoltz-Scofield Land company
announced that it would cede to the
city a small strip of land approxi-
mately forty by fifty feet at the in-
tersection of Pearl and Prospect
streets. A twenty foot driveway
will be cut through between Pearl
and Prospect streets at the north
end of the strip which will make a
sharp turn from Pearl into Prospect
street unnecessary. The strip ceded
will be made a beauty spot by the
park superintendent. The small
driveway will be paved, the city
and the land company each bearing
its share of the expense.

It was stated at the meeting that
the residents of Pearl street from Col-
umbia street to the south line of the
corporation are preparing to petition
for paving but that property owners
between Columbia and Church street
are not desirous of having the street
improved. It is expected that the
board will have a large amount of
paving work to do during the next
spring and summer which will add
several more miles of paved streets
to the already large number in the
city. Bills amounting to \$8,325 which
included several paving and sidewalk
estimates, were allowed and ordered
paid.

At the meeting of the Board of
Health, the officer reported one case
of diphtheria.

Latonia, Kentucky.**

Mr. Morris Tobin of this city,
and Miss Clara Mulvey of Latonia,
Kentucky, were united in marriage
at the church of the Holy Cross in
Latonia last night. Mr. and
Mrs. Tobin will reach the city to-
night and will be at home to their
friends in a pretty residence on Oak
street, which the groom has arranged
for his bride.

Mr. Tobin is foreman of the
chair room at the Marion Steam
Shovel shops and is quite well
known. The bride is a prominent
young society woman of Latonia.

LIKED FIGHTS BETTER THAN HOUSEWIFE DRESS

Detroit, Mich., November 20.—The
lure of the footlights proved stronger
than the attractions of a home for
Mrs. Pearl Smith Hamlin, of Gen-
eva, Ohio, according to the story of
her husband, William K. Hamlin, told
Judge Brooke today when he asked
for a divorce. He said his wife is
no weaving in tight as the mem-
ber of an opera company. The Ham-
lins were married in 1891, the hus-
band testified, but his wife was never
satisfied, and when she took up the
study of music she left him. William
said he sent her money until he
learned that she was making more
money than he. The wife has pur-
chased a summer home in Geneva,
Ohio, where she supports her aged
parents. The husband will get a
decree in 30 days.

WEALTHY MAN SOUGHT ON CHARGE OF ARSON

Bryan, O., Nov. 20.—Daniel Baxter
politician and wealthy pioneer, has
been secretly indicted by the Will-
iams county grand jury for obtaining
money under false pretenses. He is
said to have made fraudulent claims
of loss by fire. Baxter is in Detroit,
where he has been fugitive from
justice since the indictment, which
was brought a year ago, charging
arson. Efforts to extradite him be-
fore failed because the indictment was
based on the confession of Jack Page
the notorious firebug.

MAYOR DOES STREET WORK

**Chief Executive of Wauseon
Labors for the Ex-
ercise.**

Wauseon, Ohio, November 20.—
Working as a day laborer in the
street cleaning gang, Jas. S. Bralley,
Mayor of Wauseon, and President of
the local telephone company, a man
reputed to be worth at least \$50,000,
defies his critics and questioners
alike.

"I need exercise. I like the work,
and in my opinion it's no one's busi-
ness if I choose to work in the street
cleaning gang," he said today,
pressed for an explanation of his
conduct.

Bralley took shovel in hand the day
before the election, and people called
the act a play to the common voters
but his continuance in the job has
stirred comment throughout the city.

Some critics have gone so far as
to threaten Council impeachment
proceedings, alleging the Mayor's ac-
tion is undignified.

MINISTER PLACED ON BOND IS MISSING

Findlay, O., Nov. 20.—Rev. W. T.
Keckler, arrested Sunday night for
using a door in the house in which
he was living for kindling wood,
cannot be found.

After he was incarcerated, Rev.
Keckler insisted that his prayers
would be answered and that he would
be released. He prayed almost con-
stantly for two days, and then two
persons signed his \$50 bond and he
was given his liberty. When the
time for his trial came, he could not
be found.

It is stated that he is wanted on a
more serious charge and that the
authorities will hunt him.

Wrecks in San Francisco Bay.

What a melancholy sight the bottom
of San Francisco Bay must present.
A diver recently told of going down
to the City of Chester, sunk many
years ago at the mouth of the harbor
by one of the large China steamers.
He descended with a stout heart and
a mind lured to the two sisters of
charity sleeping quietly in their berths,
and nearby a man on his knees, sway-
ing back and forth with the motion of
the tide, and a dim, mysterious light
over all the number objects, his heart
faded him and he gave the signal to
be hauled above. The San Rafael lies
there, too. She went down in 1901,
sent to the bottom by a collision with
another steamer in the fog. The
relentless tide runs over her cozy
cabins and beautiful stairway, dark
with the passage of time.

MARRIED AT NEW HOME

**Miss Lammers and Mr. Hut-
chinson, Bride and Groom.**

**Ceremony is Performed by Byron
C. Platt—Twenty-Five Guests
Present—Go to Chicago.**

A quiet but very pretty wedding
was solemnized at 8:30 o'clock this
morning, when Miss N. Jeanette
Lammers was united in marriage to
Mr. Abner M. Hutchinson. The
scene of the event was the new home
located on Girard avenue, which the
groom had prepared.

All formality was laid aside and
the bride and groom mingled with
the guests until the appointed hour,
when they took their place before
the altar of palms and fall roses.
The impressive ring ceremony was
spoken by Rev. Byron C. Platt, pas-
tor of the Central Christian church.
The bride was attired in a traveling
gown and carried a shower bouquet
of bride's roses.

Mr. and Mrs. Hutchinson left this
afternoon for Chicago, where they
will spend several days visiting re-
latives. They will return the latter
part of the week and will be at home
to their friends on Girard Avenue
after December 1.

The bride is one of the most popu-
lar and best known women in the
city. She was formerly principal of
the Marion Business College and of
recent years has been employed as
stenographer at the Sawyer Sanator-
ium.

The groom is train baggage man on
the Erie running between this city
and Chicago. He is well liked by a
host of acquaintances.
Only the immediate friends and
relatives of the families were pre-
sent at the ceremony. The guest list
numbered twenty-five. Those present
from a distance were Mrs. Frank
Fisk, of Dunkirk, New York, the
bride's sister, and Mr. A. Hutchin-
son and Miss Hutchinson, brother
and niece of the groom from Ham-
mond, Indiana.

JAPANESE ARE SENT BACK ACROSS BORDER

Bellingham, Wa., Nov. 18.—Ten
Japanese who came across the bor-
der from British Columbia were
taken into custody by immigration
inspectors.
They said they were residents
thrown out of work by the closing
down of the lumber mills. Their
story was disproved and they were
sent to Seattle for deportation.
Fourteen Japanese illegally in the
country have been captured here
within ten days.

The border from Blaine to
Sumas, a distance of forty miles,
is now patrolled and within the
last six months 300 Japanese
have been turned back.
